

By Grace I'm Still Here Today

Verse: Lord Jesus, you are my friend
The only savior I've ever known
You're my tower, oh so faithful
And you've never left me on my own
You're my shelter in the storm, my light along the way
That's why I praise the Lord

Choir: Praise the Lord
By grace, I'm still here today

Chorus: I'm still here today
In the house of the Lord
I'm going to finish my course to receive my reward

Lead: Lord you carried my heavy burdens in the heat of the
day
That's why I praise you Lord

Choir: Praise the Lord
By grace, I'm still here today

Vamp: Praise the Lord, praise the Lord, I'm still here
By grace!

End: Praise the Lord, by grace I'm still here today
