

God Did It
By Kenny Lewis and One Voice

It's time to go to church, everybody let's go
God Keeps on making away
God Keeps on making away
God Keeps on making away
God Keeps on making away
Through it all
Through it all
He made a way for me
It's time to go to church, everybody let's go
God Keeps on making away
God Keeps on making away
God Keeps on making away
God Keeps on making away
Through it all
Through it all
He made a way for me
Did God make away, did he make a way for you?
Through it all
Through it all
He made a way for me
Did God make away, did he make a way for you
My God did it
He made a way
He made a way
He made a way

My God did it
