

I Prayed About It (sung by Shirley Reardon)

VERSE: I prayed about it, and He gave me peace of mind.

I prayed about it and He stepped right in on time.

I went down on my knees, I gave it to Jesus, and He gave me the victory...

CHORUS: I prayed about it- and God still answers prayer, and God still answers prayer.

VERSE: I prayed about it, that old problem just would not go away.

Said I prayed about it- I just carried it from day to day.

But one day in prayer, I laid that problem down

Because He said "No, problem! You don't wear no crown!"

CHORUS: I prayed about it- and God still answers prayers, and God still answers prayer.

BRIDGE: *What a friend we have in Jesus, all our sins and griefs to bear.* (unison)

What a privilege to carry...

I prayed about it- and God still answers prayer,

VAMP: And God! Still! Answers! (repeat)

END: And God still answers prayer.

And answers prayer. (repeat)
