

More Abundantly

I come that you might have life more abundantly
I come that you might have life through eternity
I did not come to condemn the world
Or shame you for your wrongs
I have come to heal the brokenhearted
And to give your heart a song

[Chorus 1:]

I've come to give you life
I've come to give you joy
I've come to give you life
More abundantly, more abundantly

[Chorus 2:]

I've come to give you life
I've come to give you joy
I've come to give you life
I've come to give you joy
I've come to give you life
I've come to give you joy...

Joy

Joy, Joy

Joy, Joy, Joy

[Watch director for modulation and parts]

[Chorus 1:]

I've come to give you life
I've come to give you joy
I've come to give you life
More abundantly, more abundantly
