

## My Hands Are Lifted Up

My hands are lifted up  
My heart is ready to receive  
A blessing from you  
A blessing from you

My hands are lifted up  
My heart is ready  
A blessing from you  
A blessing from you

Shape me, make me, mold me, fill me  
My heart is ready to receive  
A blessing from you  
A blessing from you

A blessing from you (Repeat)

I trust you to be my healer  
I trust you to be my deliverer  
I trust you to be my provider  
I trust you to be my waymaker

A blessing from you (Repeat)

My hands are lifted up  
My heart is ready  
A blessing from you  
A blessing from you
