

You Can Depend on God

Verse: Family and friends may let you down and sometimes their not even around
But I know someone who is always there, seeing the unseen
For God is faithful and He cares so whenever you need Him, He'll be right there
All your burdens, He'll help you to bear
Through the thick and the thin on God you can depend

Chorus: You can depend on God, you can, you can depend on Him
You can depend on God, you can, you can depend on Him, you can

Verse: Put your hope and trust in the Almighty God
He'll never leave you, nor forsake you
In times of your weakness God will sustain you
For He's a God at hand, lean on Him, He'll help you to stand
Take Him at His word, He'll never let you down
You can depend on God, this one thing I've found

Chorus:

Bridge: We are leaning, leaning safe and secure from all alarm
We are leaning, leaning

Vamp: You can , you can, you can depend on God (repeat)

Special: Lean, trust, depend, He's a God at hand
Lean on Him, trust in Him, depend on Him, He's a God at hand

End: You can depend on God, you can, you can depend on Him
You can.....
